22nd Color Show
Coming Up
Tuesday, June 29

The Star's 22nd process color feature is tentatively scheduled for publication next Tuesday, June 29.

It will show the editor's original pair of Canada geese with their four 1971 offspring just before they shed their gosling fuzz. Honker goslings are a nondescript brown for the first month, in sharp contrast to their stately and beautiful parents.

The youngsters were hatched April 13, photographed with the old folks in black and white and published the same day, April 15.

Their month-old picture in four colors (process) was made May 14. Two days later they shed their baby coats and emerged as miniature Canada Geese, white chin-strings and all.

This publication next Tuesday will be our third using the color-correction masking film known as Silver Mask. The previous 19 color productions employed Eastman's Tri-Mask film, but it gave inconsistent results all over the country, and depending on an advisory given Garland Bosley, vice-president of our Little Rock film supplier, Jungkind Photographic, who made a special trip to New York on our account, we switched to Eastman's older color-correction material, Silver Mask.

Silver mask turned out fine on the 20th production, Easter fashion models, and on No. 21, 1970 Miss Arkansas—our own Donna Connelly. If No. 22, next Tuesday, is O.K., and one to come, No. 23 is equally good, we will have a consecutive run of four O.K. Silver Masks. We will then order out an automatic film processor that has been on our tentative list for a year—and will start making color separations for other newspapers, printers, and advertising agencies.

Three years of experimentation will have brought a new technical industry to Hope.

Drug Addicts To Be Treated at Ft. Roots

WASHINGTON (AP) — Donald E. Johnson, Veterans Administration administrator, said Tuesday that Ft. Roots VA Hospital in North Little Rock, Ark., will be used as a drug-treatment center for Vietnam veterans.

The center will have facilities for 15 in-patients and about 200 out-patients by Oct. 1.

Kenneth O'Brien, administrator of the Ft. Roots and the Little Rock VA Hospital, said the North Little Rock unit will have to have about \$25,000 done in remodeling. He said that 30 additional personnel will have to be hired.

Johnson said the VA would establish 14 new drug-treatment centers in July and 13 others by Oct. 1 in response to President Nixon's order to solve the problem of drug addiction among Vietnam veterans.

Bids in for Proposed Study

LITTLE ROCK (AP) — Five organizations submitted bids to the Committee on Legislative Organization Tuesday for a proposed study of procedures and organization of the Arkansas General Assembly.

The committee, which was established by the recent legislature, decided to meet July 8 to study the bids.

The Eagleton Institute of Politics of Rutgers University made a bid of \$29,500 for a study that would be completed in August 1972. The University of Arkansas bid \$30,000 with a study deadline of May 30, 1972.

Other bids were United Dynamics Inc. of Washington, D. C., \$28,270 with a deadline of April 1972; the Citizens Conference on State Legislatures of Kansas City, \$28,500, with a deadline of July 1972; and Public Research and Management Inc. of Atlanta, \$30,000, with the study to be completed in six months.

Ft. Chaffee Considered by NASA

WASHINGTON (AP) — The National Space and Aeronautics Administration (NASA) is considering the possibility of using Ft. Chaffee, south of Fort Smith, Ark., in the proposed space shuttle program.

Sen. John L. McClellan said here Tuesday night that he and Gov. Dale Bumpers has been trying to persuade NASA officials that the Arkansas fort is a "reasonable site for the location of this new space complex or some operation which supports this facility."

McClellan said he met with NASA officials Monday in Washington.

The space shuttle project is a planned two-stage vehicle, a booster and an orbiter, designed to be reusable. The booster would carry the orbiter aloft piggy back where the orbiter would operate in space.

Both vehicles would land on earth like an airplane, be refueled and would be capable of taking off again.

NASA says in the future the program hopes to use a shuttle system to build, man and maintain an orbiting space station.

"I hope to see Arkansas play a more important role in our space effort and I want to see Arkansas play a more important role in our space effort and I want to see that Ft. Chaffee is fairly and fully considered as a probably site for this new facility."

Right-of-Way Discussed by City Board

A report on progress of obtaining right-of-way on South Main Street was discussed at a meeting Tuesday night of the City Board of Directors. To date nearly all easements are completed or expected to be received back from out of town property owners by early next week. There are a very few easements that it appears the City will have to file Right of Entry with the court so that the Arkansas Highway Department and City of Hope, Arkansas Louisiana Gas Company, and Southwestern Bell Telephone Company, can proceed with the improvements.

The Board heard a report from Tom Hodges, City Planning Consultant, on the planning study for Hope which his firm just completed. He presented the

He Discovers French Cooking, Barbecue and Chili Things of Past

By LOUISE VOOK
Associated Press Writer

NEW YORK (AP) — Five years ago, my husband and I, a Texan thought a fancy meal was one where you served barbecued ribs and chili.

Today, he wants to know whether the pate is rough or smooth, he complains if there isn't a cheese course and he prefers at least two kinds of wine with any meal.

It's not my cooking that's improved. Just his taste buds.

The making of a gourmet actually started because of my lack of culinary ability. We had to eat out a lot and sooner or later it was bound to happen.

Texas discovered French cooking.

At first he sneered at snails and frowned at frogs' legs, demanding with a drawl, "Just a steak, please."

Then he discovered the steak tasted better with a sauce. When barbecue sauce wasn't available he was induced to try braise.

Next came duckling in orange sauce, then veal, then a pate—a rough pate, please, with Dijon mustard on the side.

Along with the experiments in food, came adventures in wine.

House Votes Minimum Income, Far-reaching Social Security Change

By EDMOND LEBRETON
Associated Press Writer

WASHINGTON (AP) — Welfare reform, including the first federally guaranteed minimum family income, has won House approval along with far-reaching Social Security changes.

The massive legislative package, touching in one way or another the lives of most Americans, now goes to the Senate where its fate won't be decided until at least late this year.

The House Tuesday turned back, 234 to 187 an unusual con-

servative-liberal coalition's attempt to eliminate the bill's welfare section. Then the measure was passed unchanged, 288 to 132.

The winners, like the losers, represented an extraordinary combination: President Nixon's emissaries working closely with Democratic leaders.

The bill would sweep away the present state welfare system, with its 54 different sets of benefit levels, eligibility rules and procedures, and substitute a federally administered plan.

It would assure a minimum annual income of \$2,400 for a family of four and include the working poor, possibly adding as many as 10 million persons to the current 15 million welfare recipients.

States could supplement the federal payments—many already pay more—but would not be required to do so.

Welfare reform would cost the federal government an estimated \$5.5 billion and save states \$1.6 billion at present support levels.

The Social Security provisions would boost benefits for more than 27 million recipients and hike payroll taxes, although persons still working would receive even greater benefits at retirement.

A 5 per cent across-the-board benefit increase would be effective in June 1972, and benefits, and taxes, would go up in future years to keep pace with living costs and average wage levels.

Benefits would be liberalized also for widows, persons continuing to earn money after retirement, men retiring early and low-earning couples. Medicare, now available only to those over 65, would be extended to persons retired for disability.

Miss Scarpetta, 33, put the child up for adoption with a New York agency four days after Lenore's birth on May 18, 1970. The DeMartinos, then living in Brooklyn, took custody of the infant four weeks later.

Miss Scarpetta, a Colombian native now working as a secretary in New York, later tried to get Lenore back. The adoption agency refused but lost the fight in court.

The DeMartinos fled to Florida with Lenore and their 4-year-old adopted daughter, Linda, last month. They said they plan to stay.

Miss Scarpetta's attorneys said they would appeal Cullen's decision even though the DeMartinos said if Lenore were to demonstrate she wanted to see her natural mother, they would agree to it.

Cullen said he decided to deny Miss Scarpetta's Florida suit "in view of all the time, evidence and the DeMartinos' good reputation."

Couple Can Keep Child

MIAMI (AP) — A Florida judge has ruled that Nicholas and Jean DeMartino, who abandoned their Brooklyn home after New York courts said they had to return their adopted daughter Lenore, may keep custody of her.

"Dear God, we won," Nicholas DeMartino cried when Dade County Circuit Judge Ralph Cullen ruled Tuesday that the DeMartinos could keep Lenore.

Jean DeMartino hugged their Miami attorney, William Colson. She and her husband wept openly with joy.

Sitting just a few feet away Olga Scarpetta also broke into tears. Her child was not her own.

Warm, Humid Weather Continues

By THE ASSOCIATED PRESS
Warm, humid weather continues to be the Arkansas forecast through the weekend, with a chance of widely scattered showers and thunderstorms each day, mainly in the afternoons and evenings.

Another weak cool front was moving southward toward the state, triggering thundershowers as it approaches.

About four Northwest Arkansas counties were placed under a severe thunderstorm warning between midnight at 3 a.m. this morning as the thunderstorms moved into that area. No severe weather was reported as the thunderstorms were mostly in isolated areas of the Ozarks. Wind gusts of 43 miles per hour were reported shortly after 2 a.m. during a thunderstorm at Fort Smith.

Elsewhere across Arkansas Tuesday afternoon and evening, the weather pattern remained unchanged from the past several days, as afternoon thundershowers were scattered throughout much of south Arkansas. However, rainfall amounts were light.

High temperatures Tuesday ranged upwards to the mid 90s at a few places—Texarkana reported a high of 96, and Fort Smith had 93.

Highs through Thursday are predicted to be in the upper 80s to mid 90s, with lows in the 60s and low 70s.

Overnight lows around the state include Fayetteville 65, Harrison 64, Jonesboro 71, Pine Bluff 71, Texarkana 73, El Dorado 69, Memphis 70, and Little Rock 72.

Rainfall reports for the 24-hour period ended at 7 a.m. included .62 of an inch at Fayetteville, .02 at Harrison, .03 at Fort Smith, and a trace at El Dorado.

Wants 18-Year-Olds Registered

LITTLE ROCK (AP)—Thomas A. Glaze, head of the Election Laws Institute, has written a letter to Gov. Dale Bumpers urging that the state Election Commission adopt regulations to handle the 18-year-old vote.

Congress has extended the vote to 18-year-olds in presidential elections.

Glaze said in his letter that the commission should adopt its regulations as soon as possible. He said these problems would compound the other problems each county election commission and county clerk will face when changing voter registration affidavits to comply with legislative redistricting.

Congress has submitted to the states an amendment which would also lower the age to 18 in state elections. If the needed 38 states ratify the amendment, Glaze said the commission action would not be necessary.

"However, our state need not and should not delay action in registering these young people," Glaze said.

To Pay Supt. Almost \$40,000

FORT SMITH, Ark. (AP)—The Fort Smith School Board voted Tuesday night to pay former school Supt. Chris D. Corbin almost \$40,000 for the two years remaining in his contract.

During the meeting, Corbin, who was dismissed in February, received the agreement of the board that the reason for his dismissal would be erased from the minutes of the board.

Doug Smith, board member, said that Corbin, 63, had said he would seek school-related employment. Smith said that if Corbin were able to get a job which would continue him on the employees' retirement system, the board's financial obligation would be dismissed.

Clarksville Votes for Bond

CLARKSVILLE, Ark. (AP)—Clarksville residents voted Tuesday for a \$5 million bond issue, 1,008 for and 6 against.

The issue will finance a plant for the power tool division of the Singer Co. The plant will employ 200-250 persons with production to begin January 1972.

Girls and Boys Staters Honored

Leslie Huddleston Post 12, American Legion, and its Auxiliary held a joint meeting Tuesday, June 15 at the Douglas Building honoring the Girls and Boys Staters. Mrs. Mary Nell Turner was in charge of the program. Jennifer Rhodes, Girls State Counselor, was the spokesman for the girls and Ben Downs, for the boys.

Prison Workers Hard to Find

LITTLE ROCK (AP)—Correction Commission Terrell Don Hutto says he is having some problems in finding personnel for the state's prison system.

He said that he is not sure if the money appropriated by the recent General Assembly is enough to phase out the trusty-guard system and hire free-world personnel.

Even if he had the money, Hutto said he did not know where he would find enough qualified personnel.

Hutto said his main problem was finding personnel to fill vacancies of those who left the department after he took over nearly three weeks ago.

These reports are an up-to-date report and projections of needs and recommendations for the next 25 years. Extra copies are available in the city office for any interested person that would like to have copies.

The Land Development Code report is the proposed new zoning code and subdivision regulations for the City. The new code creates new zones and sets out clearer some regulations on the older zones. A public hearing on this code will be held July 27, at 7:00 p.m. in the Courtroom at the City Hall.

Rev. Carroll Byers appeared before the Board to request use of the City Hall Auditorium for a week long youth revival the third week in September. The Board delayed action until July 13, which is the next regular meeting date.

Rev. W. A. Wynn, pastor of Bethel A. M. E. Church asked that a cultural program be started for the youth of Hope. The Board asked Rev. Wynn to formulate plans and return to them to see if the program could be put into effect.

A letter from Haskell Jones, Chairman of the Downtown Merchants Association, concerning employee parking was reviewed by the Board. Action was delayed as the plan as outlined was not workable from the City's stand point.

John Robert Graves appeared before the Board for Dean Murphy with a request to close a dedicated street, which has never been opened on property owned by Mr. Murphy. This land is near the I-30 and Highway 29 Interchange and was annexed by the City of Hope about a year and a half ago. The Board set the date of July 13, at 7:00 p.m. for a Public Hearing on this dedication to be held in the courtroom at the City Hall.

Dean Rusk.

The memos, plus documents from the Pentagon history, show "a battle over Diem's fate with the State Department urging his ouster and the Pentagon insisting that the United States stick with him," the Sun-Times said.

The Sun-Times' disclosures came one day after The Boston Globe reported on a part of the Pentagon study and was restrained by a federal judge who ordered the newspaper's copy of the papers impounded.

Federal appeals courts in New York City and Washington heard arguments Tuesday on the government's move to overturn U.S. District Court rulings in favor of the Times and the Post and to enjoin them from further publication of stories on copies of the classified papers in their possession. The decisions were pending.

Both the Times and Post carried Associated Press stories today on the Sun-Times articles.

Government officials, meanwhile, announced plans for a review of the entire 47-volume study with a view toward possible declassification of some parts. Defense Secretary Melvin R. Laird said he ordered the censors to "move as rapidly as we possibly can."

The government contends that further publication of the study would seriously breach national security and threaten its confidential relations with other nations.

SUN-TIMES (From Page One)

War Crimes in Vietnam.

The newspaper did not reveal the source of its information on the material contained in the Pentagon documents. But James F. Hoge Jr., editor, said part of the material came from the same top-secret Pentagon report that has been published in part by The New York Times, The Washington Post and The Boston Globe.

The memos and the Pentagon documents show that the late President John F. Kennedy and his leading advisers were intimately involved in the maneuvering that led to Diem's downfall Nov. 1, 1963, the Sun-Times said.

The newspaper said Hilsman's Aug. 30 memo proposed certain U.S. responses to courses of action that Diem and his brother-in-law, Ngo Dinh Nhu, might take to maintain themselves in power, the newspaper said.

Should Diem and Nhu move toward North Vietnam by a gesture "such as opening of neutralization negotiations, or rumors and indirect threats of such a move," the quoted memo says, the United States should "encourage the generals to move promptly with a coup."

LaMonica Given New Position

LITTLE ROCK (AP)—Gov. Dale Bumpers has relieved James A. LaMonica, 37, of his duties with state personnel and has asked him to work on governmental reorganization and legislative reapportionment.

Martin Borchert, formerly Bumpers' legislative aide, will handle personnel matters. However, Bumpers said they will be eventually phased from the governor's office to the auspices of the Administrative Department.

Archie Schaffer III, appointments secretary to Bumpers, said the switch in LaMonica's duties was made because additional staff help was needed to complete reapportionment and to work on the governmental reorganization plan.

Some Democrats have criticized LaMonica for not firing employees appointed by former Gov. Winthrop Rockefeller. When Rockefeller took office, there was a large turnover in employment based on partisan feelings, Bumpers said. "We have been urged by a number of people to emulate that, but I have steadfastly refused," the governor said.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

QUICK, THE "NO VACANCY" SIGN

Dear Helen: My wife has an old school friend who never got married, mainly because she can't stand men, children and pets (the latter giving her hay fever).

Each year she expects to spend her entire vacation with us, mainly because we don't have children yet and the beach is kind to her allergies. She still can't stand me, but she is willing to put up with a little pain in return for free room and board.

You guessed it: I don't like the situation. Neither does my wife, but she's the kind-hearted type. How can we break this pattern? - GEORGE

Dear George: You might win by a sneeze if you tell this allergic gal you've adopted a cat and a dog who sleep in the spare bedroom, but you'd "be glad to find her a beach cottage with cooking facilities at a reasonable rent." - H.

Dear Helen: Could I, too, offer my friendship to "Helpless" who felt so alone? I wasn't as wise as she is: I DID cover up the real me with drugs. Thank goodness she knows better.

I told myself no one cared or listened, but now I realize I was a plastic dummy who pushed people away. I held so much in and soon I couldn't talk unless I had a shot of dope. Between fixes I was dying inside to get the load off my back. At 17 I was pregnant and married; a junky living with another addict.

Now, at 20, I'm expecting another baby. My husband is in prison for possession of heroin, but we are both going straight. When he gets out, we'll be clean, I swear it, because we love each other and we know how to stand up to life, finally.

I've been off drugs ever since I

together at the time of his death. Can I authorize the Social Security Administration to pay the lump sum death payment directly to the funeral home?

A. No, the lump sum death payment, or burial payment, must go to the widow or widower if he or she was living with the deceased at the time of death. Q. I have been married twice and have two children by my first marriage. My first husband recently became disabled and is now drawing social security disability benefits. Are my two children eligible for social security benefits based on their father's work?

A. Yes, they are eligible for the same amount of social security as any other children he may have. You will need to file an application with your social security representative and present their birth certificates.

Television and Radio Receives Degree

by CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "CBS Reports," with impeccable timing, broadcast Tuesday night the first of a two-part review of the plight of American military men held as prisoners of war by the North Vietnamese.

It came on the heels of Senate passage of a plan for a phased withdrawal of American troops from Indochina combined with a phased release of the captured men.

Walter Cronkite was host of the documentary—the second program will be shown next Tuesday. The initial hour was a summary of the complicated and stubborn impasse. Much propaganda film of the prisoners was shown and there were also portions of taped statements by President Nixon on the subject.

The program dwelt at length with the number of men held, some for as long as seven years. President Nixon at one point mentioned 1,600 men but others believe there may be as few as 450.

The program was given some balance by showing South Vietnamese treatment of North Vietnamese prisoners. There were shots of the infamous "tiger cages" where these men were held, and Cronkite stated that at the time of capture, South Vietnamese were perhaps tougher on prisoners than their northern enemy.

Television in these belt-tightening days, is finding ways of marketing old wine in new bottles—particularly rebottling of old, nonvintage movies.

Local stations have long been putting together elderly movies by category and coming up with a week-long Gary Grant, Humphrey Bogart or Garbo festival on a week of monster tales. ABC now has adopted the device, collecting films produced by David O. Selznick, all of which have been around television for years.

The first in ABC's Selznick festival was Tuesday night's "Intermzzo," which introduced Ingrid Bergman to American audiences 32 years ago. More than anything, the old movie

Gorman Now Confident at Wimbledon

WIMBLEDON, England (AP) — Tom Gorman, American tennis star and Wimbledon giant-killer, faced his second match today—the turf drying out in the sun and his confidence sky-high.

The 25-year-old player from Seattle, Wash., was paired against Ezio Di Matteo, Italy's fourth-ranked man. Gorman appeared to have a much easier task than in the first round, when he eliminated eight-seeded Cliff Drysdale of South Africa.

"Every hour of play and practice on English grass makes me more confident," Gorman said after playing in a men's doubles on the center court last night.

Tuesday as the sun shone and the wind dropped, the ball began to bounce for the big servers. It looked like the weather to help Stan Smith, the 6-foot-4 giant from Pasadena, Calif., who is rated by many experts as the main challenger to the top ranking Australians.

Smith, the No. 4 seed, had to meet young John Paish of Britain in the second round.

Other seeded Americans in the second round are Arthur Ashe, of Gum Spring, Va., who faced Patrick Proisy of France, and Cliff Richey of Sarasota, Fla., who had to play British contractor professional Roger Taylor.

Most of the leading women stars got through their first round matches Tuesday without trouble.

Margaret Court of Australia, the defending champion, didn't drop a game against Mrs. Lorraine Robinson, another Australian.

Rosemary Casals of San Francisco and Mrs. Nancy Richey-Gunter, of San Angelo, Tex., both won.

But Mrs. Billie Jean King of Long Beach, Calif., who is trying to win back the Wimbledon crown she lost two years ago, drew a bye into the second round against Wendy Gilchrist of Australia today.

In Tuesday's action, defending champion John Newcombe and third-seeded Ken Rosewall, both of Australia, advanced in men's singles while all eight seeded players advanced in the women's division.

Newcombe defeated Ian Fletcher of Australia 7-5, 6-4, 6-2 and Rosewall outlasted Bob Carmichael, another Aussie, 9-7, 2-6, 6-4, 3-6, 6-2.

Leading the women who advanced were top-seeded Margaret Scott, the defending champion from Australia, who defeated Mrs. Lorraine Robinson 6-0, 6-0.

McCovey May Have Surgery

SAN FRANCISCO (AP) — The San Francisco Giants placed first baseman Willie McCovey on the disabled list Tuesday night and indicated he may undergo surgery on his left knee.

After the game with the Chicago Cubs, Dr. E.C. Sailer said he and a specialist had run some tests on McCovey's ailing knee and found some cartilage damage.

To replace McCovey, the Giants called up Ed Goodson from their Phoenix farm club in the Pacific Coast League.

McCovey, whose knee has been bothering him more and more recently, has a current batting average of .292 in 53 games this season with 11 home runs and 39 RBIs.

Williams to Stay With Washington

By TOM SEPPY
Associated Press Writer
WASHINGTON (AP) — Manager Ted Williams said Tuesday he has no plans to quit the lowly Washington Senators even though the fish are biting at his fishing camp.

"It's a good time to leave," he said. "I called up to my camp and they told me the fish are biting. Ordinarily, this is not a good time."

"I always think about leaving," he continued. "But it's safe to say that unless I get fired I will finish out the year. I'm going to stick it out."

The discussion with Williams, and the fishing at his camp in Mirimichi, New Brunswick, came up before the Senators took on the Baltimore Orioles in a twilight double header.

The Senators are mired in last place in the American League East, 18 games behind the league leading Orioles.

Williams, one of the game's finest hitters, was lured out of retirement three years ago by Washington owner Bob Short to manage the Senators.

"There's no fun in this game unless you keep your head above water," he said. "When you're playing .500 ball, you're just keeping your head up. I'm not having as much fun as I ought to have."

Prior to the doubleheader with Baltimore the Senators had lost 40 games while winning only 23 for a .365 average. Williams said he enjoyed his first season back in baseball in 1969 after being out of the

game 10 years but has been finding it difficult lately.

"Just being back in baseball was fun," said Williams, who played for the Boston Red Sox from 1939 through 1960 and is the last man to hit over .400.

"Last year, I was up in the clouds because I thought we could do better but we didn't." The Senators finished fourth during Williams' first year but dropped to sixth last season.

Cincinnati Downs Philadelphia

Cincinnati's Gary Nolan, who couldn't get even a little help from his friends a few weeks ago, is beginning to pick up support in double doses.

Nolan, who has pitched in bad luck for most of the season, tossed a six-hitter Tuesday night to beat Philadelphia 6-1 with the backing of timely doubles by Tony Perez, Hal McRae and George Foster.

It was the second successive complete game victory for the 23-year-old right-hander, who had lost five in a row from May 19 to June 8 as his team scored a total of three runs behind him.

In other National League action, the New York Mets topped Pittsburgh 3-2; Atlanta trimmed Montreal 4-0; San Francisco blanked the Chicago Cubs 2-0; St. Louis shaded Los Angeles 6-5 and Houston beat San Diego 4-2.

In the American League, Minnesota bombed Oakland 10-1; the Chicago White Sox thumped Kansas City 11-6 and, in doubleheaders, Baltimore defeated Washington 2-0 after an 8-6 setback; Cleveland trounced Boston 9-3 and then bowed 2-0 and Detroit beat the New York Yankees 7-4 before losing 2-1.

California and Milwaukee were rained out.

Rookie Charlie Williams blanked Pittsburgh on three hits for eight innings and reliever Danny Frisella choked off a two-run Pirate rally in the ninth as the Mets gained ground in the East Division race.

Jerry Grote's run-scoring single in the eighth proved decisive for the Mets, who trail first-place Pittsburgh by 3½ games.

Ron Reed fired a three-hitter and the Braves struck for four runs in the third to top Montreal. Reed blanked the Expos on 3 hits—an infield single by losing pitcher Steve Renko—until the ninth.

Left-hander John Cumberland, making his first start for the Giants after 22 relief appearances, outpitched Ferguson Jenkins, yielding just three hits before getting last-out relief help from Jerry Johnson.

Chris Speier's run-scoring single in the sixth sparked the Giants to their sixth straight victory for a 7½-game lead in the West.

Joe Torre, Lou Brock and Jerry McNertney divided nine of St. Louis' 14 hits and left-hander Steve Carlton, 11-3, stopped the Dodgers on six. The Cards broke a 3-3 tie in the sixth with a three-run rally capped by McNertney's second RBI single.

Joe Morgan's bases-loaded triple made the difference for the Astros, who capitalized on errors by Dave Campbell and Garry Jestadt for all their runs.

Dodger Has Operation for Fracture

LOS ANGELES (AP) — Los Angeles Dodger infielder Steve Garvey underwent surgery Tuesday night to mend a fracture of his left hand as the Dodgers lost their third regular in two days.

Monday night, catcher Duke Sims and shortstop Maury Wills left the lineup with injuries.

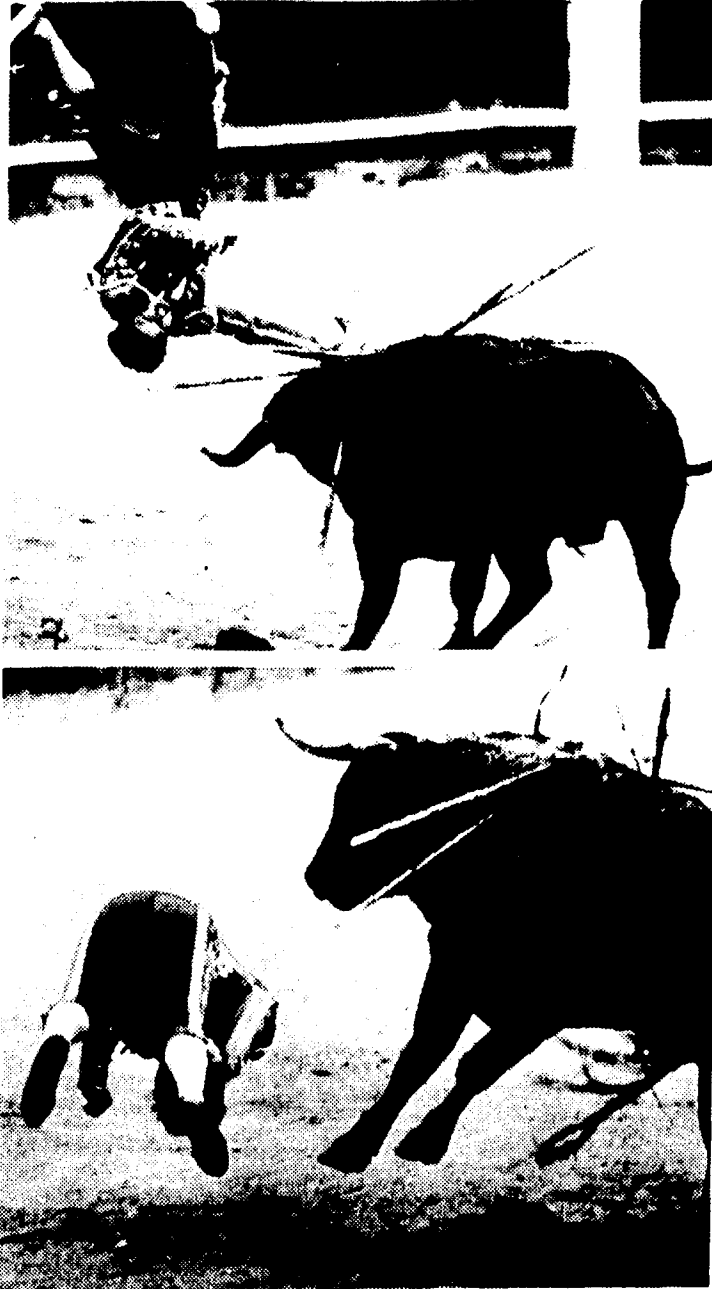

Garvey suffered the broken hand June 12 in Montreal but the injury was thought to be less serious until X-rays showed Tuesday the broken bone. He was placed on the disabled list for four weeks.

Shreveport Downed by Travelers

LITTLE ROCK (AP) — The Arkansas Travelers swept a doubleheader 2-1, 5-1 here Tuesday night against Shreveport in Dixie Association play.

Tuesday's victory followed a five-game losing streak to Charlotte. Santiago Guzman and Larry Koch were the winning pitchers. Virgil Barientos and Bruce Heinbecher took the loss for Shreveport.

During the second inning, Jorge Roque hit a single with the bases loaded, bringing home two runs for the Travelers. The lone score in that game for Shreveport came from a homerun hit by Don Wilkerson over the center field fence.

In the second game, the Travelers made their first run on a walk in the first inning.

Tom Heintzleman and Roque both hit doubles to score the rest of the runs for the Travelers.

The only score by Shreveport in the second game was a homerun.

Other association scores Tuesday: Dallas - Fort Worth won a doubleheader against San Antonio, 5-3 and 4-0; Albuquerque defeated Amarillo, 6-3; Birmingham beat Memphis, 4-2; Savannah defeated Montgomery, 4-1 and Columbus took both games of a doubleheader with Jacksonville, 6-0 and 13-3.

Olympic triple jump champion and world record holder Viktor Saneyev will be part of a team of Soviet track athletes that will meet an American team in the U.S. U.S.S.R. All Star Series, July 2 and 3 in Berkeley, Calif.

Minnesota backed Jim Perry's three-hit pitching with a four home run assault that destroyed Oakland.

Rich Reese stroke two homers and Tony Oliva and Harmon Killebrew tagged one apiece as the Twins made Perry's 11th victory easy. Reggie Jackson had two of the A's three hits including his 16th homer.

Chicago exploded for eight runs in the second inning with Bill Melton's two-run homer capping the rally and the White Sox ripped Kansas City.

Jay Johnstone had doubled two runs home and Rich McKinney singled two more across before Melton's shot as the Sox scored all their runs in the inning before a man was retired.

Sonny Siebert notched his 100th major league victory, a six-hitter, that eased Boston past Cleveland in the second game of their doubleheader. The victory was Siebert's 10th this season and ended a four game losing streak for the Red Sox pitcher.

George Scott's two run homer was enough to give Siebert his first victory in more than three weeks.

In the opener, Cleveland exploded for seven runs in the sixth inning with Chris Chambliss delivering two hits and pinch hitter Frank Baker ripping a bases-loaded double to key the big inning.

Stan Bahnsen hurled his sixth straight complete game victory, beating Detroit to earn a split of the doubleheader for the Yankees. New York got Bahnsen two quick runs on Jerry Kenney's double and singles by Bobby Murcer and Jake Gibbs and the right-hander made them stand up for his seventh victory of the season.

Dick McAuliffe's two-run homer touched off a four-run Detroit rally in the ninth inning of the opener that wiped out a 3-2 Yankee lead.

Norm Cash also homered for the Tigers and Ron Woods connected for New York.

Baltimore 2-0 Over Washington

By HAL BOCK
Associated Press Sports Writer
With a starting pitching rotation that had produced 30 complete games in 2½ months, the one thing the Baltimore Orioles didn't seem to need was another starting pitcher.

But Earl Weaver, the dandy little manager of the Orioles, handed the baseball to a new starter Tuesday night and now Grant Jackson has given the pitching-rich Birds another win.

Jackson and Tom Dukes combined for a seven-hit shutout Tuesday night as Baltimore blanked Washington 2-0, earning a split of their two-night doubleheader. The Senators had taken the first game 8-6.

In other American League action Tuesday, Minnesota walloped Oakland 10-1, Chicago rapped Kansas City 11-6, Detroit split a doubleheader with New York, winning 7-4 and then losing 2-1, and Cleveland divided a pair with Boston, winning 9-3 before losing 2-0. California's game at Milwaukee was rained out.

In the National League, Atlanta shut out Montreal 4-0, New York trimmed Pittsburgh 3-2, Cincinnati downed Philadelphia 6-1, San Francisco shut out Chicago 2-0, Houston dropped San Diego 4-2 and St. Louis trimmed Los Angeles 6-5.

Weaver has stuck with a rotation of Jim Palmer, Mike Cuellar, Dave McNally and Pat Dobson all season and Jackson's start in Tuesday's nightcap was the first this year for any Oriole pitcher other than those four.

In fact Jackson, acquired in a winter trade with Philadelphia, had worked in only nine games and pitched just 14 innings all season before getting his start. That was a far call from what he was used to in Philadelphia where he worked 403 innings in the last two seasons.

Minnesota backed Jim Perry's three-hit pitching with a four home run assault that destroyed Oakland.

UNWANTED VISTORS

Will your home be safe from "Unwanted Visitors" while you are on vacation? Pleasant memories of a week or two away from home can be destroyed by finding that burglars cleaned out your house while you were away.

HERE ARE A FEW SUGGESTIONS TO HELP PROTECT YOUR HOME:

- ★ Don't let your vacation plans be put in the local newspaper.
- ★ Notify your newspaper boy, milkman, and mailman to stop delivery.
- ★ Have someone take care of your lawn while you are gone (an unkempt lawn is a sign that no one is home).
- ★ Check all your door and window locks.
- ★ Install an automatic timing device which will turn your lights on at dusk and off at dawn.
- ★ Notify the police department of your vacation plans.
- ★ Check with your insurance man - make sure your home, automobile, and travel coverages are in good order.
- ★ Leave your keys with a neighbor in case of emergency.

A good idea would be to check these points well in advance of the day you are leaving. Drive carefully and let these suggestions help make your vacation as worry-free as possible.

Guests in the garden viewing the exhibits included Mrs. Helen Bittick, Blevins, Mrs. W. C. Tolleson, Hope, and Jeri and Rummel Nunn of Farmington, Arkansas.

Shown dispensing hospitality from the tea table on the patio are Mrs. Bill Jones, Mrs. Carlton King, Mrs. Royce Weisenberger.

Host, Earl O'Neal serves his wife, Mrs. O'Neal on the patio among other guests.

Mrs. Carlton King, a member of the 3rd District Arts and Crafts Assn. is shown inspecting the new lock on the Cattle barn that the Association is converting into an Art Gallery. Rough Cypress paneling that has already been delivered will cover the walls to achieve a rustic effect. Money derived from the silver tea will go to help with the conversion of the barn into a gallery. This building owned by the 3rd District Livestock Assn. has been designated by the Board to the Art group. They have also set aside some money to be used to help repair the building. It is hoped the building will be ready for the fall Art Show.

The Art Show held in the garden of Mr. and Mrs. Earl O'Neal recently was a tremendous success. The Tea table on the patio was covered with a pink meline and satin ribbon cloth. Mrs. Bill Jones was in charge of these arrangements. She used all silver appointments and the table was centered with a tall arrangement of mixed flowers. The guest book table was covered with an attractive patchwork cloth made by Mrs.

Cambodians Can't Get to Wounded

By RICHARD PYLE
Associated Press Writer

SAIGON (AP) — North Vietnamese troops drove off medical rescue helicopters with withering fire today as Cambodian forces tried to bring wounded out of the battle of the Vihear Suor, marshes, reports from the Cambodian capital said.

It was reported earlier that the North Vietnamese had engaged in hand-to-hand combat with the Cambodians Tuesday as the sharpest fighting in five days erupted in the marshes east of Phnom Penh.

The Cambodians reported that about 20 government soldiers were wounded and the enemy had left 33 bodies on the field, but the Cambodians' 5,000-man push to clear the marshes appeared once again to have stalled.

In Saigon, a U.S. Command spokesman confirmed that enemy sappers using satchel charges were responsible for a chain of explosions that hit a big U.S. ammunition dump just south of the demilitarized zone.

More than 600 tons of artillery shells were reported to have been destroyed by four blasts that rocked the ammo dump at Quang Tri before dawn Tuesday.

Officials revised their casualty figure from three to seven Americans wounded, with none killed, and said the explosions would not effect military operations in the area.

South Vietnamese spokesmen reported a renewed enemy assault against Fire Base Fuller, the mountaintop outpost four miles south of the DMZ and 20 miles northwest of Quang Tri. Twelve South Vietnamese were wounded in a late afternoon shelling of the base, military sources said.

U.S. B52s flew two missions against the enemy troops laying siege to Fuller. Camp officers said earlier they believed Fuller was surrounded by at least a battalion of North Vietnamese.

U.S. helicopter crews, flying support missions for the beleaguered base, fought an air-ground duel with North Vietnamese troops near Fuller and claimed they killed seven enemy soldiers and destroyed a .51 caliber anti-aircraft machine gun.

In ground fighting in the same area, South Vietnamese forces claimed 31 enemy soldiers killed. The sources said South Vietnamese losses were eight killed and 21 wounded.

A total of 64 enemy troops were listed as killed by Saigon troops in scattered fighting elsewhere in Vietnam.

Says Keep Clothes Simple

NEW YORK (AP) — Know yourself and keep your clothes simple. This advice is from designer Halston, co-winner with Betsey Johnson of the "Winnie" award, for excellence in fashion design announced at the 1971 Coty American Fashion Critics' Awards presentation Tuesday.

Designer Anne Klein was elected to the Coty Hall of Fame, and Larry Kane of Ruffles Wear took the Menswear Fashion Award.

"Sit down and analyze yourself. Don't overbuy," Halston said.

"People need fewer clothes today, not such a vast dress up wardrobe," he said, noting the trend toward home entertainment instead of a big night on the town.

Halston noted that his customers—often rich, chic fashion leaders—look for washable, packable, wearable clothes. Among his customers are Jacqueline Kennedy Onassis, Mrs. William Paley, actress Ali McGraw, Marisa and Berry Berenson and Lauren Bacall.

Halston's clothes are famous for their sleek sinuous lines. His fall collection is filled with skinny, body-hugging styles with some blouses draped very low in front.

Halston shared the "Winnie" honors with Betsey Johnson, designer for Alley Cat, a junior sportswear manufacturer, and for her New York boutique, Betsey, Bunky and Nini.

This year's Coty awards were elected by a vote of more than 400 fashion editors across the country. Coty, Inc., has sponsored the presentations since 1943.

Reps. Wilbur D. Mills, David Pryor and Bill Alexander, all D-Ark., voted against the measure.

Nixon Has Different Outlook

By DON McLEOD
Associated Press Writer

WASHINGTON (AP) — Twenty years ago, when the shoe was on the other foot, Richard M. Nixon accused the Truman administration of holding back classified documents for political reasons.

"The new test for classifying secret documents now seems to be not whether the publication of a document would affect the security of the nation," Nixon said at the time, "but whether it would affect the political security of the administration."

Nixon demanded that Truman release the complete report on which the New York Times had based a story about Gen. Douglas MacArthur's alleged misgiving in Korea.

Currently the Nixon administration is struggling in court to keep the Times and other newspapers from printing information obtained from classified documents on the Vietnam war.

A few days after Truman fired MacArthur as the allied commander in Korea, the Times published an article on April 21, 1951 based on secret records of talks between MacArthur and Truman on Wake Island Oct. 15, 1950.

Drawing from the classified papers, the Times said MacArthur had predicted the Chinese would not intervene in the war and boasted they would be "slaughtered" if they did.

The Times story also said MacArthur told Truman and others victory would be obtained by Thanksgiving 1950 and the Eight Army would be back in Japan by Christmas.

The next day Nixon responded that "one of the most vicious smear campaigns in history" had been planned against MacArthur.

Nixon, then a senator from California, said the leaked documents were "obviously selected to spotlight every action of the general which might reflect on him unfavorably."

"Certainly," Nixon said then in a statement released in Washington, "if classified documents are now to be made public, the committees of Congress and the American people should be entitled to see not only those documents which might reflect against MacArthur, but also those which might reflect in his favor."

On May 3 the Truman administration released the collection of documents, entitled "Substance of Statements Made at Wake Island," to the Senate Armed Services and Foreign Affairs committees, which then made most of them public.

The released documents backed up the Times story, quoting MacArthur as saying at the conference there was "very little" chance of Chinese intervention.

Fewer May Participate in Campaigns

LITTLE ROCK (AP)—Members of Gov. Dale Bumpers' cabinet were told Tuesday that President Nixon's revenue-sharing program would increase the number of state and local government employees who could not participate in political campaigns.

Gary Heller of the U.S. Civil Service Commission said that under the program more employees would come under the provisions of the Hatch Act.

Eugene Kelley, Bumpers' executive secretary, said that the Hatch Act would apply to more employees, because more employees would be paid with federal funds.

Kelley said that in a closed meeting it had been designed to call the heads of the departments "directors." It had earlier been announced that the heads would be referred to as "secretaries," but Kelley said some of the department heads felt the title was inappropriate.

British Agree to Common Market Terms

By CARL HARTMAN
Associated Press Writer

LUXEMBOURG (AP) — Britain and the six Common Market nations came to terms early today on Britain's admission to the European Economic Community. Now Prime Minister Edward Heath has to sell it to the British Parliament.

"We have broken the back of the negotiations. It is an historic day for Europe," Geoffrey Rippon, Britain's negotiator, told newsmen after an all-night bargaining session with the six Continental foreign ministers ended with champagne toasts at 4 a.m.

The agreement also cleared the way for negotiations with

HOPE (ARK.) STAR, Printed by Offset

Norway, Denmark and Ireland on their applications to join the customs union formed in 1958 by France, Italy, West Germany, Belgium, Luxembourg and the Netherlands.

The remaining major issues in Britain's 10-year bid for membership were resolved when the negotiators put together a package that included concessions to Britain's trade with New Zealand, the amount of Britain's first contributions to the joint Common Market budget and help for British coastal fishermen and hill farmers.

But with polls showing 60 percent of the British public opposed to Market membership and members of both the Labor and Conservatives parties divided on the issue, Heath faces a stiff battle selling the terms in Parliament in the fall. His target is membership by Jan. 1, 1973.

Political sources in London estimate that if the vote is

"free," with a member permitted to vote his convictions and not as the party majority decides, Heath could win by a comfortable 70 or 80 votes. But if the opposition Labor party decides against Market membership and party discipline is enforced, abstentions by anti-Market Conservatives might be too much for Heath.

Former Prime Minister Harold Wilson, the leader of the Labor party, is likely to hold the key. He has said repeatedly he would be in favor of joining Europe "if the terms are right," but he has shown signs recently of moving into the anti-Market camp.

Opponents of Market membership fear Britain will lose some of its national sovereignty and face an ever higher cost of living because food prices will be geared to the higher prices charged by continental farmers.

If the shoe fits, she'll ask for the next smaller size.

Feels He's Made Some Progress

GUATEMALA (AP) — President Carlos Arana Osorio celebrates his first anniversary in office July 1 and feels he has made "considerable progress" toward pacifying strife-torn Guatemala. But "complete results cannot be obtained in just one year," he added.

The president was interviewed Monday for the first time this year by a visiting foreign correspondent. He replied to written questions submitted in advance and also met with this correspondent.

The government considers that the so-called guerrillas are doomed, and the murders and other sporadic and isolated crimes which they commit are only for notoriety and to maintain a false front," Arana

Osorio said. "What is left of the broken cells will be eliminated by action of the security forces."

Some estimates of the number of deaths from urban terrorism in the past year exceed 1,000. For more than six months Arana Osorio kept the country under a state of siege, suspending some constitutional guarantees as his security forces struggled to end the bloodshed. But almost daily another body is found on a back road, riddled with bullets, or another businessman is kidnapped.

The violence is blamed on extremists of both the left and right.

Osorio said the national development plan inaugurated by his government "has fulfilled the important function of promoting the socio-economic development of the country, and, at the same time, pushed the diversification of the private sector."

Wildcat Strike Has Ended

WALNUT RIDGE, Ark. (AP) — About 150 workers of Frolic Footwear here returned to work Tuesday afternoon after a one-day wildcat strike.

The strike began after the Boot and Shoe Makers Local 886 contended the company was applying contract provisions in a way that violated the language of an agreement reached three weeks ago.

Rex Jones, president of the local, said the company had agreed to the union's interpretation of the vacation pay provision and that the other provisions would be submitted to arbitration.

DR. LAWRENCE E. LAMB

Coconut Oil Tops In Saturated Fats

By Lawrence Lamb, M.D.

Dear Dr. L a m b — You wrote a column on the best oils to use in cooking, but you didn't mention coconut oil. Could you indicate the saturated fat and polyunsaturated qualities of coconut oil and tell how it compares to other vegetable oils? This information is of great importance to millions of readers who are using imitation milk made with coconut oil.

Dear Reader—Coconut oil is almost all saturated fat. Natives with simple living patterns conducive to good health, who consume large amounts of coconut oil, have a high incidence of heart disease.

Imitation milk, artificial creams or coffee whiteners, and imitation whipped cream often use coconut oil exclusively. The label will say, "vegetable oil." These products contain far more saturated fat than natural cream or whole milk. Anyone wishing to limit saturated fat intake would be better off using the natural products. Coconut oil is a favorite of the food industry because of its long shelf life.

As long as the Food and Drug Administration refuses to require the actual contents of foods to be put on the labels there is no way the consumer can protect himself completely from such deceptions as labels that

read vegetable oil and mean coconut oil.

I have no sympathy for the FDA's position on this matter and am shocked that an agency of the federal government would support a practice that deceives the consumer.

The American Medical Assn., the American Heart Assn., the American Diabetic Assn. all have protested the current FDA ruling that the amounts and types of fat need not be put on food labels. WE NEED A TRUTH IN CONTENTS LAW JUST AS BADLY AS WE NEED A TRUTH IN PACKAGING LAW.

I doubt that most Americans realize that the reason they have trouble finding out how much saturated fat, and polyunsaturated fat, is in the products they buy is because the FDA has taken a stand against so labeling foods.

One wonders just what influence has caused the FDA to take such a position. To me it is a bit like free speech. I am not nearly so concerned about whether people should or should not eat saturated or polyunsaturated fat in this instance as the suppression of information by the FDA. Whether I approve of what anyone says or not I defend the right to say it and whether a person should or should not eat saturated fat, I defend the right of the consumer to know WHAT he is eating.

In my judgment the FDA ruling is a gross and purposeful infringement on individual rights. If you agree, you could write your Congressman and insist the FDA ruling be changed.

PERSONAL FINANCE

By CARLTON SMITH

It is acceptable practice for June brides (and even grooms, for that matter) to float around in a blissful haze for some weeks, paying little attention to life's more mundane affairs. Still, June brides (and even grooms) do sometimes get sick, or break a leg.

And one of life's mundane affairs that bride and groom should be reminded to take care of—blissful haze or no—is hospital and medical insurance.

The exchange of vows almost certainly changes their insurance status, and frequently means loss of coverage, if they don't attend to it promptly.

Young newlyweds who've been covered under parents' family certificates, the Blue Cross Association points out, usually lose this coverage at the end of the month in which they marry. However, newlyweds normally have a 30-day grace period during

which they can enroll on their own, continuing their Blue Cross coverage without any lapse.

Their options are a husband-wife membership (lowest cost), or a family policy. The family policy, more expensive, provides maternity benefits. It should be pointed out that you can't wait until the bride starts shopping for maternity clothes, and then tell Blue Cross you want to change to a family policy. Too late. There's a nine-month wait before it will pay the OB bills.

Age 19 is a checkpoint in health coverage. Most family policies no longer cover children in the family after they reach this age. Newlyweds over 19, who've had to take over their own individual policies, are generally allowed 90 days after the wedding, instead of 30, to convert to husband-wife or family coverage.

If they've been in school, the newlyweds may have been covered by special group plans, available at lower-than-average rates through the university or other school. These policies, too, must be converted to avoid a lapse in coverage—though if the couple are continuing in school, some Blue Cross school plans make student-family policies available, in addition to those covering individuals.

CHAMPUS provides benefits for wives and children of men on active duty, when treatment is in civilian hospitals or by civilian doctors.

The first edition of the World Almanac, a 320-page handset volume containing 2 pages of advertisements, was published by the New York World in 1868.

WORLD ALMANAC

FACTS

The tides are a natural phenomenon involving the alternating rise and fall in the large fluid bodies of the earth, caused by the combined gravitational attraction of the sun and moon. The World Almanac says. The narrow channel of the Bay of Fundy in Nova Scotia is the most marked tidal example, with a 43½-foot difference between high and low waters.
